

Monica Lynch - Buffalo

My name is Monica Lynch, I have 25-year-old identical twins with several mental disabilities. One of them has been held at the Erie County Holding Center since July 17, 2022. He has two separate cases and is a part of OPWDD. My twins have been affiliated with OPWDD for over a decade. Somehow, the ball is being dropped because they never appear in court or give the Judges any background information.

The Judge is trying to determine if a 730 order should be issued.

I have legal guardianship through surrogate court, but no one will address me on his cases. Why do people take advantage of mentally disabled people and feel that they have no rights? I will continue to advocate for my children. I see how this system will railroad them.

Please look into his case while you're in town. Bernard Lynch, 6/17/97. His cases are in supreme court (at the county court building on Delaware avenue).

Sincere gratitude,
Monica Lynch

(P.S. I'm in Albany with RAPP today, or I would have been present).
